Education

Bucharest Academy of Economic Studies

Bucharest

Bachelor of Economic Informatics in English

Experience

SoftServe Intern

Apr 2025 – May 2025

Bucharest

- Gained hands-on experience with Agile frameworks and project task management
- Worked with data using Python and PostgreSQL through pgAdmin 4 to support project development
- Acquired foundational experience with Git version control and an introductory understanding of cloud technologies

Projects

SQLite engine | C++, Git

Nov 2024 – Feb 2025

- Developed a limited version of SQLite from scratch in C++

Gym management system | Oracle PL/SQL, Git

Mar 2025 – Jun 2025

- Developed a database model for a gym system

Pizza delivery form app | .NET, SQLite, Git

May 2025 – Jun 2025

- Developed a Windows Forms application using .NET that allows users to customize and place pizza orders
- Implemented JSON and XML serialization/deserialization for efficient data handling
- Integrated SQLite for persistent data storage

Virtual Book Store | Python, PostgreSQL - pgAdmin4, Git

May 2025 – Aug 2025

- Designed and implemented a backend system for managing books, users, and orders using Python and PostgreSQL
- Built an ETL pipeline to load, transform, and store bookstore data in a relational database
- Ensured data integrity and consistency through structured database design using PostgreSQL

Personal Website | JavaScript, HTML, CSS, Git

Aug 2025 – Present

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript
- Implemented responsive layouts and interactive UI elements to showcase projects and skills

Lightweight password generator | C, bash, Git

Sept 2025 - Sept 2025

- Developed a light password manager that uses the /dev/random directory to generate random values

Interactive E-Learning Platform | Spring Boot, React, PostgreSQL, Git

Dec 2025 – Apr 2026

- Designed and developed a full-stack e-learning application that aims to help students in their learning journey
- Implemented a robust Spring Boot backend to handle secure user authentication and data persistence.

Technical Skills

Languages: Java, C, C++

Databases: Oracle SQL, PL/SQL, PostgreSQL

Frameworks: React, Spring Boot

Developer Tools: Git, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Operating Systems: Windows, Linux

Soft Skills

- Effective communication
- Collaborative teamwork
- Problem-solving mindset
- Adaptability and willingness to learn
- Time management and organization
- Attention to detail
